**Description:** On Sunday morning we have volunteers who look after tech, parking and lead worship for both services at 9:15 & 11am - arriving at 7:30am and not leaving until services are completed after 12:30pm.

As part of honouring them for their commitment and desire to serve, we provide snacks for them as a breakfast alternative or supplement, in the Greenroom.

We are looking for a champion to come forward and take on the organization of building and maintaining a team of volunteers who look after providing food for these dedicated volunteers.

This is mainly an administrative task of organizing the volunteers and has very flexible times when it could be done - with minimal amount of time weekly - and does not require you to personally be here Sunday mornings.
